I talked with at Immigration yesterday and he informed me that he had received a final letter of rejection from our personnel people in Washington. As you know, has been of great assistance to us in our work up here. He is still extremely interested in the possibility of working for our agency. However, he is willing to admit that he could only accept a GS 13. If there is anything that could be done for we would highly appreciate it but leave any action or thought of action entirely at your discretion, inasmuch as you are sitting closer to the personnel problems of Washington than we are.

Please give my best to Eleanor and the children.
